WELCOME

Hosted by the National Synchrotron Radiation Research Center (NSRRC), the 16th International Particle Accelerator Conference (IPAC'25) will take place in Taipei, Taiwan from June 1–6, 2025. The International Convention Center (TICC) will host all scientific sessions, while exhibitions and posters will be showcased at the Taiwan World Trade Center (TWTC). These two venues are located across from each other in the vibrant heart of Taipei.

The IPAC'25 edition represents a collaborative effort organized by accelerator communities across Asia, Europe, and the Americas. This international event will feature a comprehensive scientific program covering advancements in state-of-the-art accelerator research and development worldwide, providing insights into new projects, and keeping attendees abreast of the latest developments in accelerator facilities globally. Moreover, participants will have the valuable opportunity to connect with peers and establish new business contacts. With an expected attendance of over 1,000 delegates and 100 industry exhibitors, IPAC'25 promises to be a remarkable and significant event.

Taipei, the bustling capital of Taiwan, seamlessly blends modernity and tradition, offering a lively ambiance and warm hospitality. Your time in Taipei is sure to become one of your fondest memories in Asia. As you explore the city, you will be charmed by its rich and diverse cultural characteristics. What makes Taipei truly enchanting is its harmonious coexistence of the urban sophistication and natural beauty. Just a short drive away, you can escape to the tranquility of hot springs nestled in lush forests. Additionally, Taipei boasts numerous mountain trails and parks weaving through the city for you to discover. Whether your visit is brief or extended, Taipei's hidden gems will undoubtedly leave a lasting impression on your heart.

We eagerly anticipate meeting you all at IPAC'25. Your presence will enrich our event.

HOST INSTITUTION

國家同步輻射研究中心
National Synchrotron Radiation Research Center

The National Synchrotron Radiation Research Center (NSRRC) is a non-profit research organization funded by Taiwan's National Science and Technology Council (NSTC). Situated just 70 km southwest of Taipei, it is located within the Hsinchu Science Park, known as the "Silicon Valley of Taiwan," home to many leading high-tech and semiconductor companies on the island.

NSRRC operates two synchrotron light sources and offers 38 beamlines, including two Taiwan beamlines at SPring-8, Japan. The Taiwan Light Source (TLS), Taiwan's first synchrotron accelerator, began user operation in 1994, boasting a beam energy of 1.5 GeV and a circumference of 120 meters. It is recognized as Asia's first third-generation synchrotron facility and the third globally. Currently, TLS operates 21 beamlines, having reached a peak of 24. The Taiwan Photon Source (TPS) made its debut in 2014 with record-setting commissioning speed and top-tier photon brightness. With a circumference of 518.4 meters, TPS is equipped with a low-emittance synchrotron storage ring, a 150 MeV linear accelerator, and a 3-GeV booster synchrotron. It achieved user operation at 500mA in 2021 and currently hosts 15 open beamlines (as of March 2024).

Scientists from around the world can access NSRRC's facilities to investigate material properties across various disciplines through a competitive proposal process. Annually, over 2,500 users utilize NSRRC's experimental facilities contributing to both basic research and high-tech innovation. NSRRC's advanced synchrotron facilities consistently position Taiwan at the forefront of scientific research. To Learn more about the NSRRC, please visit www.nsrcc.org.tw/english/index.aspx.

VENUE

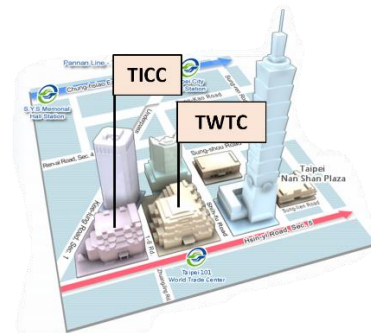

The 16th International Particle Accelerator Conference (IPAC'25) is scheduled to take place in Taipei, the capital city of Taiwan. The scientific sessions will be hosted at the International Convention Center (TICC), while the exhibitions and posters will be displayed at the Taipei World Trade Center (TWTC).

Conference Venue

The Taipei International Convention Center (TICC) has extensive event management expertise and a strong dedication to integrating Taiwan's Meetings, Incentives, Conferences and, Exhibition (MICE) industry resources. As Taiwan's premier venue provider, the TICC hosts approximately 850 major events annually, including international conferences, forums, concerts, and product launches. Purpose-built to meet the needs of organizers, the TICC offers everything necessary to ensure the success of virtually any event.
